KPZ 2E-06-N Stainless Steel DIN 1.4301

Industrial quality

Easy to operate

100% Tare

Zero setting

230 V Mains

Battery operation

Housing IP 67-68

Data output(optional)

Bench scale in stainless steel , EC approved, inexpensive

**INDUSTRIAL
QUALITY**

Bench scale, type KPZ 2E06N, precise, robust and reliable, for universal using, with EC approval or without. Stainless steel (material DIN 1.4301)

Construction: high quality, industrial scale, long period of using, stable and solid construction, stainless steel frame made of profile (**material DIN 1.4301**), with central sensor of load cells DMS from stainless steel with EC approved.

Load cells sensor: high quality, stainless steel, EC approved DMS type 504E-2, IP 67 (standard), OIML C3,

Certification: EC approval possibility class III, Declaration of Conformity.

Indicator KPZ 51E-9-1

solid stainless steel housing **IP 67**,

large function keys

6 digit 25 mm high LCD-Display

status symbols

with backlight function

Pre-set value control

Pieces counting

EC approved  up to 10.000 e

Technical data: Indicator: Description: KPZ 51E-9-1 robust, stainless steel housing **IP 67**, user-friendly, large function keys. LCD display: 6 digit, various symbols, backlight, high of digits 25 mm. Operating temperature from – 10°C up to +40°C , operation 230 Volt through external power supply, inbuilt battery (possibility of battery operation).

Functions: automatic and manual zero setting, switch Net/Gross weight, 100% tare, multiple tare, unit switching, simple piece counting by reference no. 10, 20, 50, 100 i 200. Possibility to enter data and bring out data through serial interface (optional): computer functional control , possibility of choosing different exit formats, edition activation : via computer, continuously or after zero come back. Minus indication, LCD backlight, automatic shut off after 0-9 minutes, pre-set value control or limit value control LOW – OK - HIGH (any two weight values to choose, tone or light signal), electronic stabilization filter and signal distortion, automatic self test, error messages.

Indication: zero setting, gross, net, stability, LOW-Bat indication, pre-set/limit value, too small piece quantity or too small weight.

LED: charging status.

Options: serial interface RS 232, battery, label printer.

Option with display on the front

Display on the back or table
