Spill bunds Cargo EUR and Cargo DP

This product is intended for emergency retrieval of industrial liquids, oil-based products and chemicals in case of an accidental spill. It can be used as a protective device when moving pallets loaded with drums or cans.

- ▶ Optimized dimension for easy fold around the pallet
- ▶ Easy handling by pallet-poolers and forklifts
- ▶ Option with or without side handles
- ▶ Capacity of 210 litres (EUR variant), alternatively 300 litres (DP variant)
- ▶ Built-in level indicator to show the quantity of retrieved liquid
- ▶ Possibility of adding of drain hole and ball valve

Cargo EUR Plus
with side handles

Cargo EUR
without the
handles

Thanks to shape and size
specially designed for use in
industry and transportation

Examples of uses

Detail of side handle

Detail of the hook

Detail of collapsing the corners

The corners are not sealed and so the tarp can easily fold around the pallet

Possibility of adding of drain hole and ball valve

Product variants

Cargo bunds are usually delivered in two sizes, in blue colour and in the option with side handles (**Cargo EUR Plus, Cargo DP Plus**) or without the handles (**Cargo EUR, Cargo DP**).

Technical details

The bunds are rigid and self-supporting. They are made from thick fabric with a protective proofing layer (PES/PVC 680 g/m²). They are resistant to oil-based substances, acids and alkalis at temperatures between -30 and +70 °C (see. Chemical resistance certificate in the relevant chapter at the end of catalogue).

The manufacturer recommends use of yellow pad to protect the underside of the spill bund against mechanical damage.

The product is protected by registered utility patent (technical patent) no. 31294 lodged with the Industrial Property Office.
